THE POWER SWORD, a weapon able to access the power and wisdom of Grayskull, was forged by the most powerful sorcerer in the Universe—HE-RO. It was ordained that the sword would be given to a great champion to protect the Realm in times of need.

But an accident corrupted the alternate blade, transforming it into something evil, tainting its metal violet. He-Ro had unintentionally created THE SWORD OF FLAWS. 2036. Two years after monsters rose from the earth and sea, devouring everything in their path, humanity stands on the brink of extinction. The survivors face a brutal choice: service…or slaughter. When a young child named Frankie narrowly escapes their fate as livestock, they're saved by an unlikely ally—a terrifying monster named Virago, who risks everything to lead them to freedom.

From the critically acclaimed writing duo of David Dastmalchian (*Through*, *Knights vs. Sumarai*, *Count Crowley*, *Headless Horseman*, *DC Presents*) and Leah Kilpatrick (*Headless Horseman*, *DC Horror Presents*) and the Bram Stoker Award–winning artist Soo Lee (*Carmilla*, *Wizards of Oz*, *Maleficent*, *Cheetara*, *Minor Threats*) comes this all-new monstrous tale.

178 pgs • $14.99 • Mar 30, 2027
ISBN: 9781506759142

Zack Davisson (Translated by)

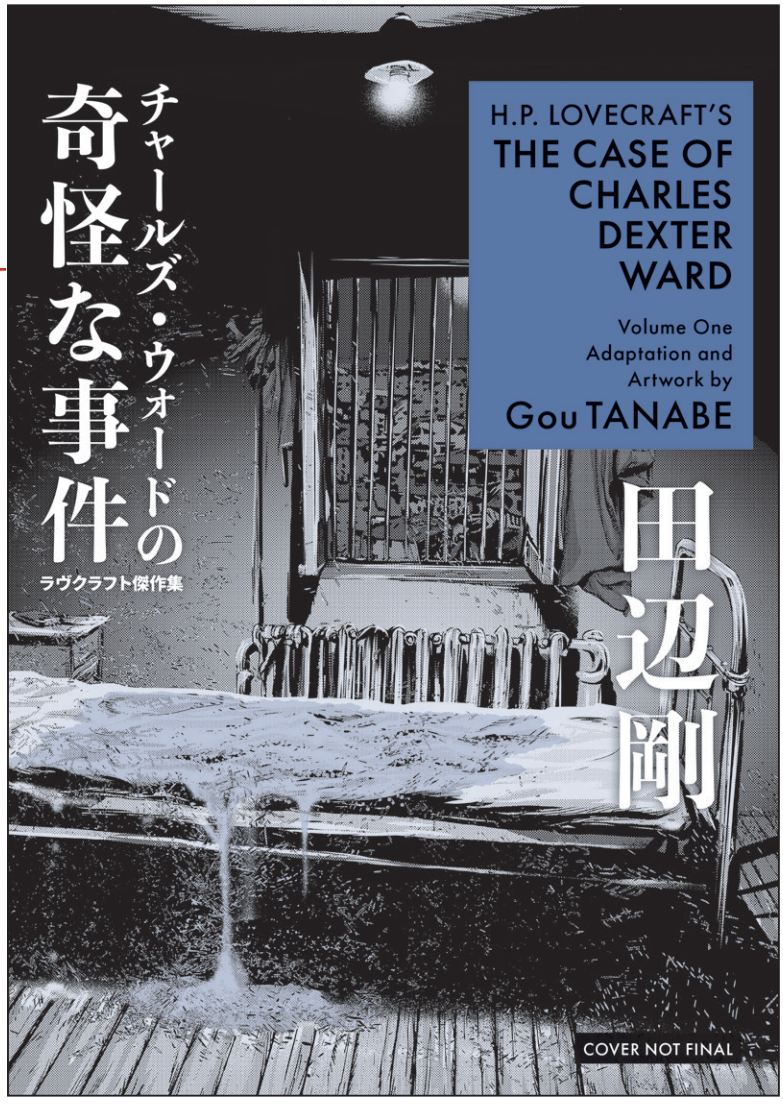

Gou Tanabe's very latest Lovecraft manga adaptation, the first volume in an ongoing series!

No one can explain his escape from the insane asylum—but whatever the blue-gray dust was in his cell, it was certainly no longer Charles Dexter Ward . . .

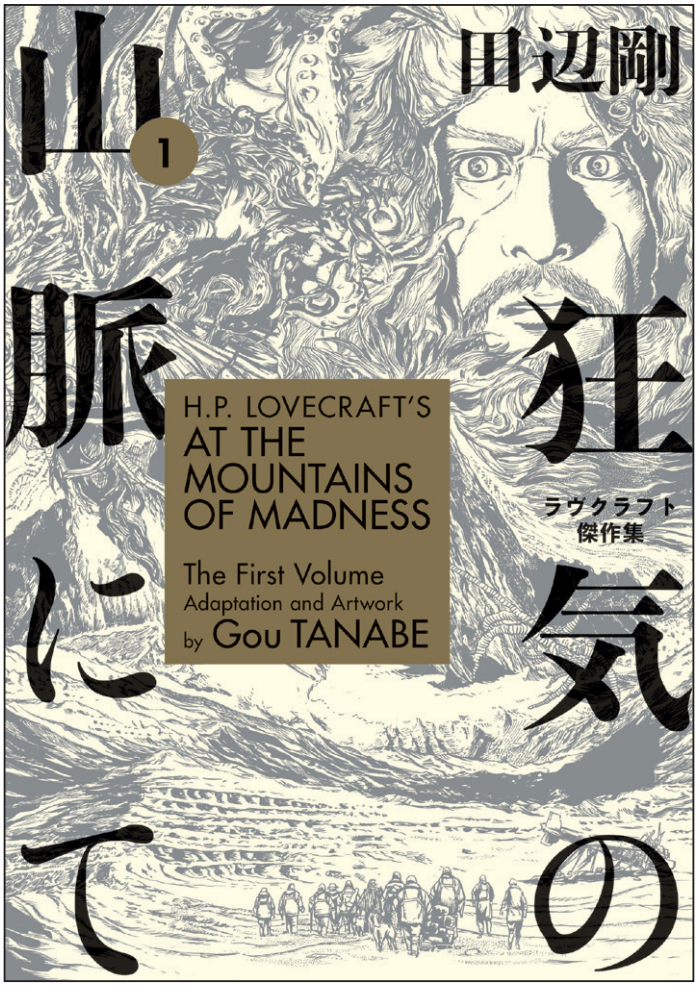

It was the 1920s—the Jazz Age, the age of modern wonders. But young Charles Dexter Ward was a dreamer, in love with the antiquities of his native Providence, Rhode Island. Charles was known for the long walks he took around the streets and alleyways of the old colonial city, searching out the traces that still lingered from centuries ago. It would have all seemed a harmless interest in the past . . . were it not for the fact Charles gradually developed a fixation on his notorious ancestor, Joseph Curwen.

A wealthy merchant before the American Revolution, Curwen, known to have an interest in alchemy and rumored to practice the darker arts of the occult, never appeared to grow any older even as his money increased. Young Charles hasn't seemed himself ever since—when his erratic and dangerous behavior at last gets him committed to an insane asylum, Charles seemingly escapes . . .
