MARVEL

MIDNIGHT
X-MEN

A forced peace following a quiet war that remade the Earth's predator-prey ecosystem. Shadows are longer. The night lingers. Lines are firmly drawn. Humans. Mutants. Vampires. And something worse.

MIDNIGHT
FANTASTIC FOUR

An origin story. A cracked-mirror version of the characters you think you know. The monsters they confront individually will bring them together into a team devoted collectively to battling cosmic and eldritch terror. Stories about cults. Scientific and occult mysteries. Nightmares who live among us, and the dark gods who want to swallow us whole.

MIDNIGHT
SPIDER-MAN

With Great Power Comes Great Responsibility. Peter Parker believes that in his heart. But life has taught him a different lesson. Power Makes Monsters. Peter dreams of becoming powerful himself, to prove it is possible to wield power responsibly, perhaps even heroically. When he finds himself within a monstrous oligarch's obsession with immortality, his newfound power makes him a monster. His once hopeful dreams now become a desperate attempt to reclaim his humanity before it is lost forever.

Thankfully, they have a temporarily revitalized Magneto on their side — even if his own strength dwindles with every tick of the clock! Meanwhile, Cain Marko has been a bully, a criminal, a terrorist and a super villain. Now he's an X-Man. But on a team whose members have all, at one point, been villains, how does the Juggernaut stay a hero? And Hank McCoy, the bouncing blue Beast, is haunted by a ghost — not of his past, but of his future...and his present. The Chairman of 3K — an older, amoral version of Hank — represents one of the greatest threats the X-Men have faced! Collecting X-MEN (2024) #31-36.
